Mycolour is a unique reconstructing formula with maiden hair marine extracts for moisture, shine and long lasting colour.

- Low ammonia and micro pigment technology for colour longevity and hair health.
- Hybrid colour system for both demi and permanent colour to keep inventory costs low.
- Fantastic value 100g tubes. Mixing ratio 1:1.5
- Featuring 'Neutral', which has the ability to lift artificial colour up to 2 levels and remain on the same reflect).
- Australian owned business for one stop shopping for all your hairdressing requirements.
- Full range of pre-lightening products including Ammonia Free and Cream Bleach.
- New Mycolour AMIPLEX. Pushing boundaries. Creating amazing colour results.

Trusted retail brands RPR, Salon Only and Amazon to cater to all your client needs.

So ask yourself:

1. Do I want more money without working harder?
2. What is the largest bill in your business outside of rent and wages? How can I reduce that?
3. The client cares that their colour covers grey and lasts. When was the last time anyone demanded a certain brand of colour?

Call RPR today so we can help you enjoy mixing your creativity with money savings.
